Job Description

ROLE AND RESPONSIBILITIES

AZRNR is looking for an ongoing, independent partner to refer our sales and property management clients to. Candidate should be able to think creatively about the use of space, color and movement and draw on other artistic mediums for creative inspiration at newly acquired vacation rental properties. The interior designer's key responsibilities include working with client and property manager to visualize, design and implement artistic, detail-oriented design plans as per client goals and budget, sourcing products and materials to stay within budget, and ensure alignment with design specifications are met. You may also be expected to comply with the regulatory environment around inspections and building codes, when applicable.

INTERIOR DESIGNER RESPONSIBILITIES:

- Outline client design objectives.
- Conceptualize and sketch design plans.
- Determine cost of completion and project requirements in the budgeting phase.
- Set a timeline for the completion of an interior design project.
- Source materials and products included in plans.
- Create 'mood boards' to sample your design vision.
- Utilize computer applications in the design process.
- Inspect design after completion to determine whether client goals have been met.

MINIMUM QUALIFICATIONS AND EDUCATION REQUIREMENTS

- Highly creative, imaginative and artistic.
- Portfolio of past design work.
- Project management experience.
- Experience with computational design.
- Excellent communication skills, especially in regard to communicating an artistic vision.

PREFERRED SKILLS

- Bachelor's degree in interior design or related field.
- Proficiency in AutoCAD, Illustrator, SketchUp or similar design software.
